

Lewisham Domestic Abuse and Violence against Women and Girls Strategy 2021-26

Summary

Our five priorities for tackling domestic abuse and violence against women and girls (VAWG) are:

Survivors of abuse in Lewisham told us that:

- There isn't enough understanding of coercive control amongst professional and in the community, including what this looks like and the huge impact it can have
- There is a lack of awareness in the community about how to get support for victims
- There is not enough support to help survivors and children to recover from abuse
- It is really important for professionals to have the courage to ask difficult questions and genuinely understand the problem
- Empathy, compassion and respect are valuable qualities for professionals to hold when working with victims and their families

Our action plan for the next five years is:
