

Looking to the future of the LTN and safer streets around our schools

School Streets have successfully been rolled out at schools across the borough to help parents and children to maintain social distancing at the school gates, as well as help address air quality and promote active travel. In line with current Department for Transport guidance, we are asking you for your thoughts about these new measures. If the proposals go ahead, they will be introduced in early May.

Residents will be invited to feedback on the wider LTN in late May. The Council had previously planned to consult in March, but after careful consideration, the date has been moved to allow for consultation on the schools proposals to take place first.

This will allow us to get an accurate picture of how residents feel about all of the changes in the area. We will continue to monitor traffic in the area and will share this data as part of the broader LTN consultation in May.

Share your ideas

If you have any questions or queries, or would like to share your ideas about the measures we have introduced or may be introducing in the future, please head to the Commonplace website at: [lewishamcovidtransport.commonplace.is](https://www.lewishamcovidtransport.commonplace.is)

Lewisham and Lee Green Low Traffic Neighbourhood

March 2021

issue 3

Trinity CofE Secondary School

Like many local authorities across London, Lewisham Council wants to help residents to walk and cycle more. Last year we introduced The Lewisham and Lee Green Low Traffic Neighbourhood (LTN) which is one of several schemes put in place across the borough in response to COVID-19.

The measures support safer walking and cycling, enable social distancing and to provide alternatives to private car use as well as restricting lorries from using those roads.

Feedback on our plans for safer journeys to school

As a resident in or around the Lewisham and Lee Green Low Traffic Neighbourhood we would like to get your feedback on our proposals aimed at making children's journeys to and from school safer and healthier. The proposals will see a number of streets around schools in your area temporarily closed during school pick-up and drop-off times.

The schools included in the proposals are:

- St Winifred's RC School
- Trinity CofE Secondary School
- Trinity CofE Primary School
- Brindishe Lee School
- Brindishe Manor School
- St Saviour's RC School

For more information and to take part in the consultation visit www.lewisham.gov.uk/ltnschoolsurvey if you don't have access to the internet you can request a hard copy by contacting 020 8314 3990. The questionnaire closes on 21 March 2021.
