Dear resident, business owner/occupier,

Controlled Parking Zone (CPZ) consultation in Ladywell – Have Your Say

Following requests we have had from local residents and businesses in your area about parking issues, Lewisham Council are consulting in your area to see if there is a need for a new CPZ.

A CPZ is an area where all on-street parking is controlled, and priority for parking spaces is given to local residents and businesses by means of parking permits. Parking bays are painted on the road to show where it is safe to park and all other kerb lengths are marked with yellow lines. This helps keep the street safe for both drivers and other road users allowing priority for parking to be given to disabled people, residents and their visitors and local businesses.

As a resident or business in the area you would need to purchase either a resident or business permit to park in the parking zone.

We will only introduce a new CPZ if more than 10% of households in the proposed area respond to this consultation, and over 50% of those that respond are in favour of a CPZ

To help you understand what is being proposed, the following documents are enclosed with this letter:

1. An Information Booklet which provides more detail on the proposals
2. A questionnaire for you to complete to have your say
3. A plan showing the area we are consulting (on the reverse of this letter)

A detailed map showing what a CPZ in your area could look like can be found on the council website at: <http://lewisham-consult.objective.co.uk/portal>

You can **have your say** on the CPZ proposals by:

- completing the online questionnaire at <http://lewisham-consult.objective.co.uk/portal>; or
- completing and returning the attached questionnaire (our FREEPOST address means you don't need to put a stamp on the envelope)

We will also be holding a public exhibition at the following location where you will be able to talk to officers about the proposals.

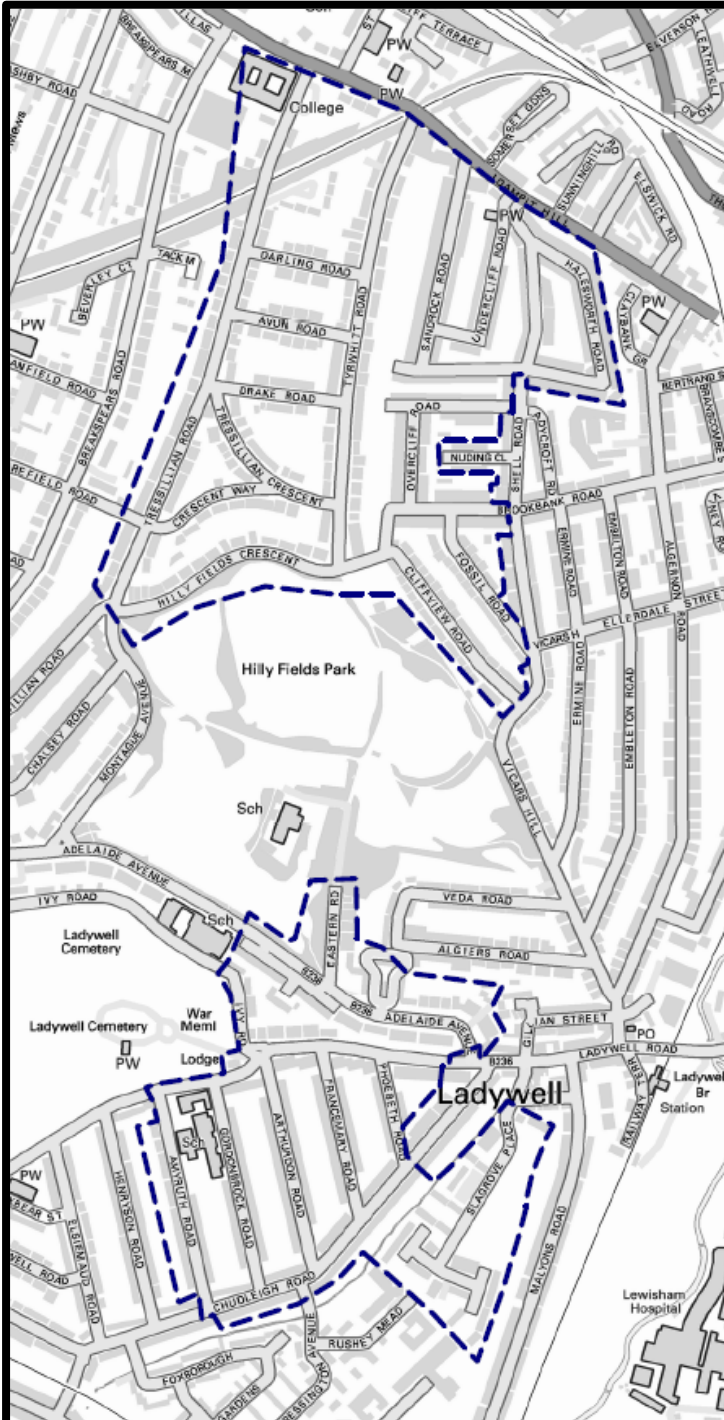

**17 May 2018 from 4pm to 8pm at
Lewisham Library, 199-201 Lewisham High Street, London, SE13 6LG**

The closing date to return your completed questionnaire is Friday 1 June 2018

London Borough of Lewisham

Ladywell West – CPZ Informal Consultation Information

CPZ Study Area

What happens next?

Once the consultation period has ended, we will review all the feedback and make a decision on whether or not to proceed with a CPZ.

The full results of the consultation will be published on the Council's website, identifying which options were favoured for the timings and area of the zone to be implemented.

We expect the consultation findings to be published later in 2018.

For more details about the process for consulting residents and businesses about a CPZ, please refer to the information document provided as part of this pack.

For a detailed map, please go to the council website:

<http://lewisham-consult.objective.co.uk/portal>

Alternatively you can view detailed plans by visiting our public exhibition.

Yours faithfully,

Chris Avis

Parking Engineer, Lewisham Council
